Curzon House Day Nursery Ltd

A happy start to an amazing future...

Jigsaw Out of School Club

Learning to play!

A warm and welcoming atmosphere awaits your child. There is a wide range of excellent resources, well-planned activities and scope for adventurous and imaginative play both indoors and outdoors.

Jigsaw provides a safe, secure and challenging space for children where learning through play is supported and developed in a rich and varied environment.

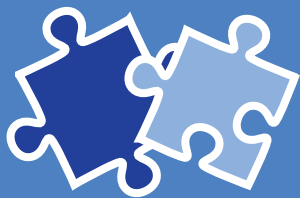

The Nursery has been designed to meet the changing requirements of children as they grow and develop in individual ways.

'Strong relationships and attachments with staff ensure children are happy and secure, and as a result, they are fully involved and confident.'
OFSTED

Learning to grow!

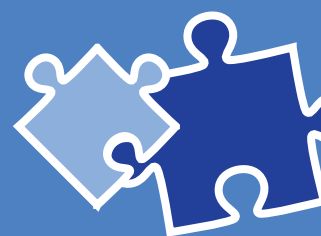

Happy Beginnings

We create a safe, comfortable, inclusive, happy environment with rooms dedicated to stimulate and educate young minds. Each room has been designed for the sole purpose of creating the best surroundings to enhance the growth and independence of every child by giving them opportunities for learning. We believe success in life often flows from a happy beginning.

It's all about you - It's all about your child

Childcare is undoubtedly a great responsibility and you want only the best for your child. At Jigsaw we aim to provide a quality and professional service that is completely child-centred and genuinely cares about your child's interests and respects their individuality.

We couldn't deliver this service to you without our fantastic long-serving team of staff who are warm and welcoming and make every day for your child one to remember.

The staff are dedicated to helping children enjoy and achieve, and every child is given an equal chance to accomplish goals and fulfill tasks and activities. All children are observed to enable staff to identify every child's individual needs. Through well-planned activities based on each child's personal interests and development needs, we are able to maximize learning opportunities giving enjoyment and challenge to help every child fulfill their potential.

'Staff treat all children as unique individuals, providing expert care and attention to meet their care and learning needs'. OFSTED

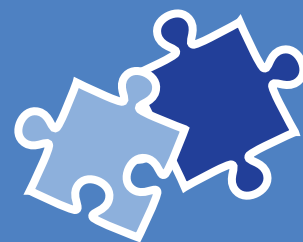

A safe place to start exploring the world

Children need to be gently guided in a positive and sensitive way, enjoying new experiences and learning important skills to help them grow into well-adjusted happy children.

'A rich and varied learning environment ensures that children are always engaged in stimulating activities that challenge them and stretch their imaginations. The attractive playrooms provide excellent opportunities for exploration and play, while the exceptional outdoor areas are superbly thought out and carefully resourced to ensure children can exploit every learning experience' OFSTED

How it all started...

Jigsaw first began in 1999. The founder envisioned a nursery that went further than ordinary childcare; a nursery that would set children up for school: a nursery that would develop their educational, social, physical and emotional skills as well as their confidence; and so Jigsaw was born. Jigsaw became popular very quickly and soon developed a reputation for excellent quality childcare.

These are important influential years, from the moment of birth your child is processing information and experiences to create a 'Jigsaw' of information which will form your child's perception of their world. We embrace this important foundation with belief and confidence that we provide the very best.

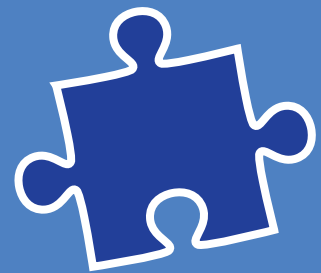

'Children are happy and very settled. They clearly love attending this vibrant and high-quality nursery, and are enthusiastic and excited.' OFSTED

At Jigsaw

We are committed to providing a happy, safe and stimulating environment where children are given the confidence to learn through play.

Our aim is to bring out the personality of each child and meet individual needs through a relaxed learning atmosphere.

A Child's Plea

Today I did my maths and science, I toasted bread,
I halved and quartered, counted, measured, used my eyes and ears and head,
I added and subtracted on the way,
I used the magnet, blocks and memory tray,
I learnt about a rainbow and how to weigh,
So please don't say, "Anything in your bag today?"

You see I'm sharing as I play,
I learn to listen and speak clearly when I talk,
To wait my turn and when inside walk,
To put my thought into a phrase,
To guide my crayon in a maze,
To find my name and write it down,
To do it with a smile and not a frown,
To put my painting brush away,
So please don't say, "Anything in your tray today?"

I've learnt about a snail and a worm,
Remembered how to take my turn,
Helped a friend when he was stuck, learnt that water runs off a duck,
Looked at words from left to right, Agreed to differ, not to fight,
So please don't say "Did you only play today?"

Yes I played the whole day through,
I played to learn the things I do,
I seek a problem, find a clue,
And worked out for myself what to do,
My teachers set the scene and stay near-by to help me when I really try,
They are there to pose the problems, and help me think,
I hope they keep me floating and never let me sink,
All this is in my head not my bag,
It makes me sad to hear you say, "haven't you done anything today?"

When you attend your meetings and do your work,
I will remember not to say to you "what did you do today?"
